Honor A Hospice Hero Program

Recognizing a loved one's hospice caregiver

America's first hospice

Grateful Family Program

“I am not sure if I have all the words that will adequately thank you enough for all of the work, kindness, expertise, warmth, support, and wisdom that ALL of your staff demonstrated in helping my partner during her stay at Connecticut Hospice. I will never forget all of the staff’s efforts from the day we arrived until her last moment, each member of her care team performed with such kindness and skill.”

-- a grateful family member.

At The Connecticut Hospice, the care of patients and their families is at the heart of everything we do. We are honored that you chose The Connecticut Hospice to perform this service for your loved one.

Every day, we hear stories about the countless ways members of The Connecticut Hospice staff touch the lives of patients and families. Our **Honor A Hospice Hero** program allows patient families to express their gratitude to the members of The Connecticut Hospice team who went above and beyond to serve with integrity, clinical excellence, and compassion.

Your gift of thanks helps us to remain committed to our goal of improving quality of life during terminal illness in the communities we serve.

Honor Your Caregiver

You can participate in the **Honor A Hospice Hero** program by making a gift in honor of someone from The Connecticut Hospice who supported you and your loved one. We will send an acknowledgement card notifying your **Hospice Hero** of your thoughtfulness and gratitude. Your gift will be memorialized with a heart in honor of your designated hero, which will be displayed on our wall of **Hospice Heroes** for all to appreciate.

When making your gift, please share your story with us on the other side of this form. If you choose not to make a gift at this time, you can still acknowledge a special Connecticut **Hospice Hero**.
